

Allow James Beard nominated Chef Jeremiah Bacon and the Macintosh team to help you host a classic Lowcountry style "pig pickin" on our private Courtyard event space. We create a festive and uniquely Charleston interactive culinary experience that your guests will be raving about for months after the event. We elevate the ordinary back yard BBQ by utilizing locally raised heritage breed hogs, heirloom beans and grains and locally sourced produce. This style of menu is ideal for casual rehearsal dinners, holiday parties and corporate retreats.

We are happy to work with you to customize our menus and grill offerings to suit your tastes, budget and event style.
